

# DiSCovery Tips – December 2010

(Volume IV - Issue 12)

## News Flash....

Starting next month, beginning the New Year - this space will post helpful hints to help you navigate through your Epic Subaccounts...stay tuned!

## Greeting cards...how do you spread the Holiday cheer?

### D - Dominance

Cards will be ordered and printed...stamped and sent. Would rather skip the "Hallmark Holiday". Addresses are kept in data base - entered by someone else.

### i - influence

Musical cards are best! May include pictures, holiday confetti or other surprise. Addresses are haphazardly kept on scrap pieces of paper stuck in a book.

### C - Conscientious

Cards are ordered after researching 'best' prices and are ready to go by day after Thanksgiving. Addresses are on the computer organized by work, friends, neighbors and family. No surprises!

### S - Steadiness

Family photo cards are a must (includes family pet of course!) Handmade or personalized letter written to update family and friends. Addresses are alphabetized on computer.
