Convert an *Everything DiSC*® profile to a customized, tailored version of the profile:

If you forgot to assign a tailored version of an Everything DiSC profile when you assigned the access code, you can use Batch Edit to easily convert the regular profiles to tailored profiles.

Fall Season Premiers...

D - Dominance

Enjoy watching shows that have a definitive ending in one episode - like to know what happens. Like to DVR their show to fast-forward thru all commercials - less time 'wasted' watching television.

Dancing with the Stars
Law and Order

i - influence

Can't wait for all the new shows to begin. DVR as many episodes as possible to watch all their favorites. Changes channels back and forth between shows when they can't decide what to watch first - or uses picture in picture to watch two shows at once!!

Glee
Desperate Housewives

C - Conscientious

Loves to watch science and investigative shows. The more evidence and fact finding the better. Pays attention to all little details and tries to have case solved before the end of the show.

CSI
House
The Mentalist

S - Steadiness

Family shows and old time favorites are top on the list. Will DVR show each week and watch in order - never jump ahead. Has a hard time if day and time of favorite show get changed for the new season.

Charlie's Angels
Modern Family

...Next Month... Enter if you DARE...Haunted Houses...
